Calfee Vindicated By Election

HUMANE SOCIETY SECRETARY ENDORSED BY RESOLUTION AND BIG MEMBERSHIP VOTE

MEETING WAS TENSE WITH PARTISAN INTEREST

But Comedy of Insurgent Contentions Tramples Tragedy Off Boards.

TRY TO ELECT TRUSTEE BY CUMULATIVE VOTE

When Overruled by Chairman Wildgrube Threatens to Appeal Election.

Outvoted, outgeneraled, outnumbered, the insurgents in the Richmond Society for the Prevention of Cruelty to Children and Dumb Animals, who two weeks ago demanded that a special meeting be called for the election of officers, were defeated in every move attempted at the Lincoln school meeting last night.

Reverend D. W. Calfee, secretary and humane officer of the society, against whom the insurgent attack was presumed to be directed, was vindicated for every action taken in the past by resolution and re-election. With the full membership of the society present, about 100 people and twice as many supporters of the two factions as interested spectators, the Calfee backers outnumbered the insurgent force five to one.

Humor and Tragedy Intermingle.

The meeting was fraught with interest from the time it was called to order until adjourned, and, for even the ardent partisans, not without its humor. There were also dramatic moments when the insurgent leaders were hissed and ordered in no uncertain tones to sit down, replied to with language of like kind.

It was following the nomination of five trustees, a treasurer and secretary—the Calfee ticket—when the fun and fireworks began. Major D. W. McLaughlin nominated his ticket after a long speech in which he spoke at length of Richmond development and urged harmonious action in every civic movement.

McLaughlin Nominated Calfee Ticket.

The following were the nominations made by Major McLaughlin: W. H. Conn, P. M. Neville, O. H. Hall, Isaac Lester and E. J. Jones for directors; W. L. Ballinger for treasurer and D. W. Calfee, secretary.

Immediately after the nomination of this ticket Councilman G. A. Follett moved the nominations be closed; seconded by Councilman Fernald. W. H. Conn, who was presiding, put the motion just as Dr. W. R. Scroggs, an insurgent leader, got the attention of the chair. The doctor protested that he should be given an opportunity to make nominations, if he desired. The chairman put the motion, an aye and no vote being taken.

Undecided as to whether the motion had carried or been defeated, the chairman started to order a roll call when McLaughlin arose and declared that he believed it was the desire of everyone to be fair. He had not, he said, expected that other nominations would be made, but if someone wanted to do so, it should be permitted. Councilman Follett then withdrew his motion.

Insurgents Insist on Cumulative Voting.

Dr. Scroggs nominated G. C. Henley and shortly after gave notice that he was going to insist on his "constitutional right" of cumulative voting, explaining that he thought he had a right to cast five votes for five directors, or five votes for one director.

This created the bone of contention over which there was friction during the rest of the evening.

The chairman ruled that no one had a right to cast more than one vote for each man nominated as the humane society was not a capital stock corporation. Scroggs maintained that the state code referring to cumulative voting gave him the privilege desired.

Dares Chairman to Read Code.

At one time Scroggs walked toward the platform extending a piece of paper upon which he claimed to have a copy of a section of the code, saying: "I dare you to read this. I dare you."

"Sit down! Sit down!" ordered the chairman, many of those present, especially the women,—the most ardent of all the partisans—hissing and catcalling the physician.

Threatens to Appeal Election.

A little later Attorney J. H. Wildgrube, another insurgent averred:

"I insist that I have the right to cast five votes for one director. Any lawyer will bear out my statement, I believe. I want to give notice now that if I am not allowed to cast five votes for one director that I will appeal this election to the courts."

Wildgrube fared in much the same respect as had the physician before him, being ordered to sit down and sternly told that he was out of order. When he went to cast his ballot he had it folded up ond for a few moments it was questionable whether it was comedy or tragedy on the boards as he stood insisting that he had a right to put his ballot directly into the hat serving as a ballot box. The tellers were, however, as insistent and then it was handed to them and when they saw it had five votes for Henley they returned it to him. Mrs. Wildgrube was next to vote and the same action seemed imminent, but with the woman the tellers were more gallant and allowed her to deposit her vote without comment.

The same course was followed when Dr. Scroggs and Mrs. Scroggs cast their votes. The doctor destroyed his voting slip when he was unable to cast it as he wished.

Woman Enters Discussion.

During the argument as to whether a member had the right to cast five votes for a director, Mrs. A. G. Stokes who was on the platform contended that if the voting was to be "by stock the same as in a capital stock company" she was entitled to hundreds of votes as she had been paying money to the society for "ever so long." She was loudly cheered.

Code Excepts Benevolent Societies.

Due to the discussion as to the right of cumulative voting in the humane society the code rules regarding it are given below:

"In corporations having no capital stock, each member of the corporation may cast as

DRAW POKER TO BE TABOOED IN PUBLIC PLACES

The drafting of the new gambling ordinance by this city in which it makes the violating of Section 330 of the Penal Code a misdemeanor, and punishable by a fine of $500, is specified as follows:

"It shall be unlawful for any person to deal, play, carry on, open, or cause to be opened, faro, monte, roulette, lonquinet, roug-et-noir, rondo, tan, fantan, stud horse poker, seven-and-a-half, twenty-one, hokey-pokey, or any other banking or percentage game with cards, dice or any device."

Draw poker cannot be played in any public place where the proprietor stands a chance of collecting a percentage revenue.

DEMOCRATIC CONVENTION WORK NEAR COMPLETION

SACRAMENTO, Sept. 16.—With its work nearly completed at 3 o'clock this afternoon, it is expected that the Democratic state convention will adjourn at 6 o'clock.

Strong endorsement of the Wilson administration, all the Democratic state and congressional candidates, and James Phelan, for United States Senator, was given today by adoption of resolutions prepared by the platform committee. Virtually the same platform upon which "Constitutional" John Curtin made his primary campaign will be the Democratic state platform.

Members of the Democratic state central committee of the Third Congressional district, consisting of the counties of San Joaquin, Contra Costa, Sacramento and Yolo, were selected as follows: D. M. Fleming, of Vallejo; C. W. Lent, of Byron, and L. E. Bontz of Sacramento. Henry J. Curry of Martinez was selected as state central committeeman for the ninth senatorial district and E. M. Horner for the eighteenth assembly district. Lee Windrem is state committeeman at large for Contra Costa county.

A man giving his name as J. Robb, and residence as Berkeley, was picked up and taken to the police station this afternoon for selling goods without a license.

CUUNCIL TAKES STEP TO START CITY PLANNING COMMISSION

AWARD CONTRACT FOR THE IMPROVEMENT OF THIRTEENTH AND FOURTEENTH STREETS TO JOHN WORD FOR $7,525.63. HAVE SECOND READING OF NEW GAMBLING ORDINANCE.

Monday night, September 28th, was the date set by the city council last evening for the hearing of the protest of the property owners on Seventh street, from Pennsylvania avenue to the main line of the Santa Fe, in regard to paving with Richmond Standard macadam instead of bitulithic.

The protest received by City Clerk Faris contained 25 signatures.

Phillips Inspector.

A communication was received from Chief of Police Walker asking that Bertillion Expert Phillips be promoted to the office of inspector sergeant, recently made vacant by the resignation of R. N. Ruiz, also that George Betts, present sergeant, be made a plain clothes man and that Day Patrolman Jennings be promoted to Night Sergeant. The matter was laid over until Friday evening, at which time it will be reported upon by the police committee.

Word Gets Contract.

John Word was the lucky bidder of the six contractors who submitted bids for the improvement of Thirteenth and Fourteenth streets, being awarded the job for $7,525.63. The other bidders and their amounts were, G. W. Cushing, $7,750.82; S. C. Rogers, $8,546.66; C. W. McMaster, $8,035.45; J. V. Galbraith, $7,869.15, and L. L. Page, $8,070.51.

Given Peddlers' License.

A. M. Duff was granted a peddlers' license for the selling of vegetables upon the recommendation of Chief of Police Walker.

Carnival Police.

The members of Richmond lodge, Knights of Pythias, who are to be invested with the authority to make arrests during the carnival week are as follows: A. F. Browning, J. A. Gregory, J. M. Hutchins and D. S. Delaney.

Withdraw Application.

A communication was received from the Pacific States Telephone & Telegraph company asking that its application to install conduits along Macdonald avenue be withdrawn.

City Engineer Chapman stated that he had interviewed one of the telephone company's chiefs and had been informed that they were slack-

MONEY SENT TO PRINCE OF WALES FOR POOR PEOPLE

LOCAL LODGE, SONS OF ST. GEORGE, ASSIST IN HELPING ENGLAND'S POOR.

Nearly the entire $506.00 taken in at the annual picnic of the Sons of St. George lodges of the bay section held at Montecello Grove on September 7th has been sent to the Prince of Wales to be used in keeping the wolf of starvation from the doors of the widows and orphans whose fighting British husbands and fathers have been gathered up in death's war toll.

Money is pouring out to the Prince of Wales in London from all parts of the American continent to stave off starvation from the poor families of the English soldiers.

BAY CITY AVIATOR KILLED BY A LONG FALL

Weldon B. Cooke, an aviator who has figured in sensational flights about the bay in the last five years, plunged 2000 feet to his death while making a flight today at the state fair grounds at Pueblo, Colo. Thousands of persons saw the accident.

Cooke was piloting a biplane and, soaring skyward, was receiving the plaudits of the fair crowds when his machine was suddenly seen to stop and begin falling. The cause of the accident is not known.

The aviator's father, a retired Congregational minister, who lived at Pittsburg, this county, died three weeks ago.

Cooke, who was thirty years old, was a student at the University of California in the 1907 class when he left school because of ill health.

He studied aviation and learned to fly without instruction.

Cooke made his first sensational flight in October, 1911, when he became the first aviator to fly from the top of Mount Tamalpais. About a year ago he fell into a lake while giving an exhibition in Cleveland, and that time was reported dead because witnesses failed to see a small boat rescue him.

He was considered one of the foremost native aviators of the bay cities.

HALL WILL ASK COMMISSION TO HAVE WATER PIPE LOWERED

PEOPLE'S COMPANY OBJECT TO CHANGE MADE NECESSARY BY PULLMAN AVENUE WORK.

The Railroad Commissioners will be asked tomorrow by City Attorney Hall to order the People's Water company to lower its 24-inch pipe along Pullman avenue below the leval of the street grade. The necessity for this is brought about by the claims of the company that if they lower the pipe now that Richmond will be cut off from three-thirds of its water supply which the company states is being brought here from the same source which supplies Oakland consumers.

The grade of Pullman avenue is being lowered several feet by the Municipal Improvement company in carrying out its contract made with the city for street work on that avenue. As the company was nearing the completion of its excavation of the street to bring it down to the grade specified by City Engineer Chapman, the water company's pipe was exposed, and if allowed to remain as now will impede traffic on Pullman avenue. SMALL BLAZE THREATENS BIG APARTMENT HOUSE

PILE OF RUBBISH ON ROOF OF CARLTON APARTMENTS CAUSES EARLY MORNING ALARM.

A small blaze which started on the roof of the Carlton Apartments, 315 Nevin avenue, at an early hour this morning, might have done considerable damage but for the prompt action of Mrs. J. E. Seager who managed to extinguish the flames before the arrival of the fire company.

A pile of rubbish lying near the chimney outlet on the roof is considered responsible for the blaze.

"To Observations Which Ourselves We Make, We Grow More Partial for the Observer's Sake."

WHO WILL BE GOVERNOR?

The people of California are confronted with a peculiar condition of affairs in the present campaign, and the problem of who is to be the next governor of this state is very much an open question.

Captain Fredericks, the nominee of the regular Republican party has a large following in the south and is conceded to be a strong candidate. That he represents the "stand-pat" element of the party will hardly be denied, as the reactionaries are all for him strong, and the Los Angeles Times, that chief of stand-pat sheets, is his strongest supporter.

Governor Hiram Johnson is the nominee of the Progressive party to succeed himself, and is going to have the race of his life, for while he has made a good governor in some respects he has displeased many thousands by his political methods and by his building up in this state as big a political machine for no other than political purposes as even the old time Southern Pacific machine was in its palmiest days. Another thing, Governor Johnson is going to find a thorn in the flesh as the treatment accorded the Republicans of the state at the last election by him and his party henchmen. Johnson was elected as a Republican, by the Republicans of the state, and he deliberately turned around and stabbed the party in the back that had elevated him, and not only that but attempted to disfranchise every Republican voter in the state who refused to get into the Roosevelt Bull Moose band wagon. These things are not going to be forgotten by the Republican voters of the state at this election, and they are not going to vote for Hiram Johnson.

John B. Curtin is the Democratic nominee, and we are of the opinion that he stands a good chance of election, for the reason that the Republican party and the Progressive party are so badly split up and hate each other so cordially that it is not at all improbable that the Democratic nominee may walk in through the split, as has often been done, and was done at the last national election when Woodrow Wilson was made president of the United States for no other reason.

In the national election the Progressives would not vote for Taft and the Republicans would not vote for Roosevelt, and it is evident that many of both compromised the situation by voting for Wilson. And not a one of them is sorry for that. Any man who voted for Wilson before would vote for him today if he were before the people for suffrage, and hundreds of thousands who did not vote for him then would do so now. And so it is going to be in this gubernatorial campaign. If it be demonstrated that either wing of the Republicans is going to be defeated by the other, that other will record many of its votes for the Democratic nominee rather than have the hated rival win out. That is natural, and it is also politics.

Curtin was sixteen years in the state senate and is one of the brainiest men in the state. If in the impending struggle between the Republicans and Progressives he holds the balance of power he is pretty certain to be elected by one or the other of the warring factions throwing votes to him.

At any rate, the opportunity is now given the voters of California to take their choice between a return to old time reactionary stand-pat methods and the convention system, continue on with Johnson and his vast army of salary-grabbing commissioners who are giving the state a government by commission and telling everybody just where to head in, what to eat, drink and wear, and how to eat, drink and wear it, or do as the nation did when it threw both warring factions into the rubbish head and elected President Wilson—give Curtin and the Democracy a chance to demonstrate whether or not they can make good in California like the Wilson administration has in the nation.

What the verdict of the people at the polls is to be no man can guess today, for this thing of correctly prognosticating elections is a thing of the past. People think no more of changing their party affiliations nowadays than they do of changing their underwear. And it is a good thing that it is so. It proves their independence of mind.

WHO ARE THE CONSPIRATORS?

Who raised the price of sugar, of meat, of flour, of practically every necessity of life, here in San Francisco? Who has kept the prices of fresh fish beyond all reason for years? Who taxes bereaved relatives robber prices for burial robes, caskets, carriages and autos? How many members of our chamber of commerce, and other commercial bodies, are connected with these conspirators for wholesale plunder? Who sits cross-legged, or lounges languidly among silken drapery, costly furnishings and upholstery in their mansions on the hills, feasting upon the fat of the land, or touring the world, while the legions who labor in the sweat shops, and the hordes who engage in retailing, the professions and other pursuits, are compelled to work more and buy less in order that a few nabobs may rule over them?—Western Opinion.

Well, derned if we know, Bre'r Opinion. We thought all along that it was the trusts, combines, wholesalers and jobbers, but we note by the San Francisco Chronicle that none of those gentlemen would be guilty of anything of that sort at all, but that it is the farmer who has put up the prices. And of course, you know, Bre'r. Opinion, that the Chronicle is truthful. The Chronicle's middle name is George Washington. But, be that as it may, it was not us that did it. Honest Injun, we didn't do it. We're not guilty.

At this here season of the year
We try and try and try,
To eat corn daintly off the ear,
And not gulp pumpkin pie.

Wives used to trim their own hats. Now they trim the husband for the hat.

Abe Martin notes that single men live higher, but not so long.

Is tableware called China because it is in danger of being broken into pieces?

If women are to be given all the privileges and responsibilities of man, will she also pay alimony?

The south has raised as immense a crop of cotton as the west has wheat, but some of the big stories about it are not all wool.

War is a semi-respectable word which means nothing short of wholesale murder, arson and robbery.

One drunk fellow imagined he was a German Zeppelin, and the more inflated he got the less dirigible he was.

All the European monarchs continue to insist that the Lord is fighting on their side. The Lord must me pretty busy just now.

A sympathetic strike is where a hodcarrier drops a brick on his thumb and the thumb nail of a waiter in a cafe turns black.

We intend to serve notice upon every hotel we stop at after this that we desire no more European plan. Give us the American plan in everything.

As we understand it, the objection to Japan's butting into this war game is that no heathen country should mix in with a purely Christian war.

A number of congressmen are announcing that they favor a graduated inheritance tax and an increase in the income tax rather than an advance in tariff rates, and in this they are eminently correct. If it be necessary to raise more funds to run the government because of a falling off of import duties on account of foreign wars, let it be those with the big incomes and the big inheritances who pay it. Let the man pay the tax who can best afford to pay it. That view as to methods of raising taxes for the support of the government is steadily gaining in popularity throughout the country.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid, which the kidneys strive to filter out, they weaken from overwork, because sluggish the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

HANDWRITING IS EVIDENCE IN DIVORCE SUIT

TALES OF LODGING HOUSE AND CONFESSIONS OF ALLEGED PARMOUR SUPPOSED TO SUPPORT CROSS-BILL.

MARTINEZ, Sept. 16.—The similarity of handwriting in her letters and that with which a name is inscribed on the register of a Berkeley lodging house is alleged to confirm the cross charge of her husband, Michael Orhyn, that the wife went out in the company of John Sebodyl of the Pullman plant. It was the wife, Annie Orhyn, who first sought divorce on the grounds of cruelty. Her attorney is Austin Lewis. The husband who engaged Attorney Thomas D. Johnston, filed a cross-bill, in which the wife was confounded with Sebodyl. The latter is compelled by the demand of his own wife to go on the stand and tell the truth at the cost of having divorce brought against him if he fails so to do.

The case is on trial before Judge Latimer today and as several witnesses defaulted bench warrants were issued for their arrest.

"HEART FAILURE" SAYS MEMBERS OF JURY

Heart failure was the verdict rendered by the coroner's jury which convened last evening at the Smallwood undertaking parlors in the death of Captain Daniel C. Wilhelm, a gate keeper at the Standard oil refinery, who, while on his way to work on the morning of August 12, dropped dead.

The jury was composed of Gus. Miller, W. R. Webster, Frank Rivers, F. W. Collins, A. Maliani, F Lattori and A. Moffit.

FIVE CENTS PER GALLON ON WINE PLEA

PROTEST BY GROWERS AGAINST PROHIBITIVE TAX AS PROPOSED TO RAISE REVENUE FOR GOVERNMENT.

SAN FRANCISCO, Sept. 16.—Five cents a gallon is considered a reasonable rate upon wine in the matter of imposing the war tax and more can not be asked without detriment to the state's great industry is the way those prominent in the wine trade express themselves on the proposed action by congress.

Fifty cents, as is proposed by the treasury department, would destroy the very source from which revenue is expected. Twenty cents would end the barrel trade and ten cents would cut out all the smaller dealers who sell wine at five cents a glass and inhibit the cheaper French and Italian boarding houses from serving wine with meals.

It is figured that five cents a gallon is all of a tax that can be reasonably expected for the wine trade to bear.

Grape growers and wine makers in San Francisco have petitioned President Woodrow Wilson and the California delegation at Washington on the proposed tax on wine as follows:

Hon. Woodrow Wilson, president of the United States, Washington, D. C.

Grape growers of California are loyal and willing to bear a reasonable burden that may be assessed upon them to meet emergency financial conditions of our government, but tax on our light dry wines of 20 cents per gallon by ways and means committee is confiscatory. It would destroy our industry, and little revenue would be realized. Wine makers are refusing to buy grapes if 20 cents per gallon is levied on light dry wines, and most of crop now ripe for harvesting will be lost. We respectfully ask your immediate action to save our crops, and committee should be requested to distinguish between light dry wines used by the laboring classes as food, against fortified wines. Representatives will be sent to Washington to explain, and we trust that they may be permitted to present our views to you and members of committees.

Grape Growers of California, Assembled.

H. F. STOLL. Secretary.

EASTERN STAR IS HOST AT NEWS PARTY

"Newspaper Night" was the title given to the jolly party held by the members of Miramar Chapter of Eastern Star in honor of their 12th anniversary.

The feature of the evening was the publication of "Fido" by its editor, Mrs. Lulu Roe, which was brim full of witticisms in regard to the various members of the order. Mrs. Dave Hopkins was associate editor of the pamphlet while D. W. Baker impersonated the "Printer's devil."

The evening was concluded with a banquet which was served by a committee composed of Mrs. Isaac Lester, Mrs. Little and Mrs. Mason.

COUNTY ATHLETES URGED TO JOIN STATE LEAGUE

HIGH SCHOOL STUDENTS FAVOR ACTION REQUIRED TO ALLOW THEM TO BE ENROLLED.

The Contra Costa Athletic League, composed of the high school teams of the county, will probably enroll in the State league of high school athletes. It is to be decided at a meeting of the high school principals of the county which will shortly be held at the suggestion of Principal W. S. Phelps of the Mt. Diablo high school, Concord, who is an enthusiast on the state organization idea. The Contra Costa league is being reorganized and there is a probability that the Richmond high school will enter the association.

At the meeting of the Students' League in Concord on last Saturday the question of joining the state organization of high school athletics was favorably discussed. The students of themselves, however, cannot take the required action until the principals act upon the subject.

Principal D. O. Brillhart of the Alhambra union high school announces himself as favoring enrollment in the state body and it will undoubtedly go.

MOOSE WILL BE HOSTS TOMORROW

The members of Richmond lodge of Moose have completed arrangements for the entertaining of a delegation of their brother "Paps" in Sequoia hall tomorrow evening.

Captain R. Davis is in charge of the drill team, C. A. Sullivan has charge of the drum corps and Chas. D. Smith is director of the band. In charge of the Oakland arrangements committee are Al Moffit, A. Vander Nailen, Jr., and W. E. Watkins. The membership of the Oakland lodge is approximately 3,000 and it is expected that at least 250 will be here tomorrow night.

No Need to Economize On Electric Lighting Or Gas

The People of the United States will soon emerge from the present crisis stronger in prosperity and mutual understanding than ever before.

In the midst of "war time" price advances the patrons of the public utility companies may feel secure that the important services rendered will not cost more.

Electric lighting and power service, gas service, street railway transportation and telephone service have **decreased steadily in price and advanced steadily in value** to the public during the last dozen years.

When international strife rocks the markets of the world, these public utility services remain low in price without impairment of quality.

Therefore, our customers do not have to worry about curtailing the service which we supply. They know there will be no increase in cost and that the service will be just as good—and better—than before.

Our organization is at your command. Telephone 115.

DR. BLAKE ASKS PERTINENT HEALTH QUESTIONS

(Contributed by Richmond Department of Health).

Why deal in Dirty Food stores? We have head much in the past few years concerning food adulteration, misbranding, the use of preservatives, etc. Much of this agitation has undoubtedly been productive of good. It must not be forgotten, however, that cleanly and decent handling of food is fully as important as pure food and undoubtedly constitutes the more important item in preventing the spread of infectious diseases.

In order to make our campaign for clean food a success, the Department of Health must have the active assistance of the people of this city. You can help. You should insist that your butcher, baker, fruit and delicatessen dealer keep all foods protected from dirt, dust, and flies as demanded by the regulations of the Health Department. If you will stop dealing with a store-keeper who fails to keep his goods clean, he will very quickly mend his ways. Make him realize the importance of cleanliness and that it pays. If you experienced any trouble in your work for clean foods, notify the Department of Health.

If your butcher expectorates on the floor of his shop, tolerates flies, puts his thumb in his mouth and moistens it each time that he reaches for paper to wrap your meats, it is high time that you stopped trading with him. If a butcher is not clean about his meats, he does not deserve your patronage. Wash your vegetables and fruits. They may come to you with little or no attention given as to cleanliness. Particularly is this true of peaches and other fruits which are often marketed on the sidewalks, exposed to street dirt. To be safe, all fruits with rinds should be pared before eating.

A dip and a guess, perhaps given with a silent prayer, is about all some soda water employees give to the matter of cleaning spoons and glasses. Don't buy of dirty people.

Don't use a common cigar cutter when you clip the end of your cigar. It is possible to transfer sputum from the man who proceeds you. He, quite likely, moistens the cigar in his mouth, then clips it in the common cutter. If you follow him, in the same manner, you are taking chances.

Now is a good time to get ready for a fall clean-up. Spring is not the only season of the year when our premises need a thorough going over.

If you know of any unsanitary condition or have any complaint to make, call the Health Office, Richmond 302, and we will give it our immediate attention. "That's our business."

CHARLES R. BLAKE, M. D.,
Commissioner of Health.

HALL WILL ASK COMMISSION TO HAVE WATER PIPE LOWERED

(Continued from Page 1)

pipe runs along the avenue about 20 inches above the proposed street grade for 3,800 feet.

It was not until yesterday that City Engineer Chapman discovered the water company objected to lowering the pipe. He was informed by Assistant Chief Engineer Paul Daniels of the water company that it would be impossible to lower the pipe until the rainy season set in as a large part of the water now being used in Richmond was sent here from Lake Chabot.

Engineer Chapman reported the reply of the other engineer to the members of the city council and they advised him to take the matter up with the city attorney.

Attorney Hall said at noon that he intended to personally appear before the Railroad Commission tomorrow and ask them to issue an order to compel the company to lower the pipe. He said that he did not doubt but that the commission would do so if they assumed jurisdiction in the case.

"It would be unjust for the company to impede traffic with the pipe," the attorney declared in conclusion.

The statement that the water company is bringing its principal supply of water for Richmond from Oakland sources is not generally credited here. Many are more inclined to think that water is being sent from the Richmond source to the Alameda metropolis.

Among the many other terrible results of the European war think of the amount of 'statistics" it will create.

NOTICE OF AWARD OF CONTRACT NO. 234

Pursuant to Statute and to Resolution of Award No. 234 of the City Council of the City of Richmond, directing this notice,

NOTICE is hereby given that said City Council, in open session on the 15th day of September, 1914, publicly opened, examined and declared all sealed bids or proposals offered for the following work, to-wit:

That Thirteenth Street, from the northerly line of Barrett Avenue, to a line drawn at right angles to the center line of said Thirteenth Street, through the northerly corner of Lot One (1) Block One Hundred and Thirty-seven (137), of the City of Richmond Tract, excluding the intersection of Roosevelt Avenue with said Thirteenth Street, and Fourteenth Street, from the northerly line of Barrett Avenue, to the southerly line of Lot Forty-one (41), Block One Hundred and Thirty-two (132), of the City of Richmond Tract, be graded to their full widths to the official lines and grades, paved with "RICHMOND STANDARD MACADAM," consisting of rock and of asphaltum of a penetration between 125 degrees and 140 degrees District of Columbia Standard, and curbed, guttered and sidewalked with cement concrete.

Excluding from the above work any of said work required by law to be kept in order or repair by any person or corporation having railroad tracks thereon, and excepting any of the above work now in to the official line, grades and specifications.

All of the above described work shall be done in accordance with the plans and specifications adopted by the Council of the City of Richmond for said work by its resolution duly passed at a regular meeting of the said Council held on the 1st day of June, 1914, and numbered 234, now on file in the office of the City Clerk of the City of Richmond, reference thereto hereby being especially made.

That said City Council, under the authority conferred upon it by the provisions of that certain act of the Legislature of the State of California approved April 7, 1911, and known as the "Improvement Act of 1911" determines and declares that serial bonds be issued to represent the cost of said proposed improvements; said bonds shall be serial, extending over a period of Five (5) years from the second day of January next succeeding their date, and shall be issued to represent assessments of Twenty-five Dollars ($25.00) or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the decision of said Council upon an appeal; an even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days in January and July, respectively, of each year at the rate of seven (7) per cent per annum on all sums unpaid until the whole of said principal and interest is paid; and said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

And thereafter on the 15th day of September, 1914, by Resolution of Award No. 234, awarded the contract for said work to the lowest responsible bidder, to-wit: To John Word, at the prices named for said work in his proposal on file, namely:

FOR STREET WORK

For Excavating, $.20 Per Cubic Yard.

For Filling, $.35 Per Cubic Yard.

For Paving with Richmond Standard Macadam, $.08 Per Square Foot.

For Cement Sidewalk, $.12 Per Square Foot.

For Gutters, $.15 Per Square Foot.

For Curbing, $.30 Per Linear Foot.

Said award has been duly approved by the Mayor of the City of Richmond.

Dated September 16th, 1914.

HUMANE SOCIETY SECRETARY ENDORSED

(Continued from Page 1)

many votes for one director as there are directors to be elected, or may distribute the same among any or all of the candidates. In any case the director receiving the highest number of votes shall be declared elected.

"Provided, however, that the provisions of this section, so far as it relates to cumulative voting, shall not apply to literary, religious, scientific, social or benevolent societies having no capital stock or shares, unless it shall be so provided in their by-laws or rules."

As the by-laws of the humane society do not provide for cumulative voting and as the society comes purely under the head of benevolent ones, without capital stock, the state code appears to sustain the ruling made by Chairman Conn last night.

When the votes for the two tickets were finally counted it was found that the Calfee ticket had carried by an overwhelming vote: The insurgent candidate received 13 votes and the Calfee ticket majorities were 55 and 56

While the votes were being counted a communication from J. O. Ford, an expert accountant who had examined the books of the society was read, in which he stated that he had found the accounts correct, and that in some instances the secretary had paid out more monies than he had received. The communication read as follows:

To Whom It May Concern:

"This is to certify that I have checked up the books of Mr. D. W Calfee in regard to the accounts of the Richmond Society for the Prevention of Cruelty to Children and Dumb Animals, and find them correct, and that in some cases he has paid out more monies than he has collected.

Very respectfully submitted,

(Signed) J. O. FORD.

This was but one of the forms of endorsement of the management of the society by Reverend Calfee in connection with his re-election. Another was a resolution passed by the members of the society in which all actions of his, whether provided for in the by-laws or not, were ratified and confirmed. This resolution was introduced by McLaughlin who paid an eulogy to the work of the minister who he said had strived faithfully for years to alleviate the suffering of the poor.

The resolution passed by the members is given below:

"Resolved, That all acts done or performed, whether same were within the express authority of the officers of the society in the management or conduct of the business of the society by the Rev. D. W. Calfee, by authority of its officers, be and the same are hereby ratified and confirmed in every particular. And be it further

"Resolved, That all things done or performed by D. W. Calfee, secretary of the Richmond Society for the Prevention of Cruelty to Children and Animals, to carry out the objects of said society, whether or not said things or acts were expressly provided for by the articles or laws of said society, and whether or not said acts or things were within the express province of said D. W. Calfee, and the same are hereby ratified and confirmed."

Directors Endorse Calfee

Another resolution of endorsement passed by the board of directors was also read. It was as follows:

WHEREAS, it has come to the ears of this board certain reports derogatory to the character of our secretary, Rev. D. W. Calfee, to the effect of his management of the funds of this society and, whereas, we do know of our own personal knowledge that all funds received by our secretary and belonging to this society have been properly and carefully disbursed and accounted for in the most proficient manner possible, and in compliance with the constitution and by-laws of this society, and, whereas, not doubting the absolute integrity of our secretary, Rev. D. W. Calfee, a man who has lived and labored in our community for the past ten years and who is beloved by our citizens of all nationalities and all creeds, who have felt his personal influence and kindly hand, besides the more substantial assistance not only of the funds of this society but in years gone by when there were no funds for the alleviation of distress of the poor, he gave of his own meager salary all that could be spared for the help of the destitute and suffering and it is well known by some of his more intimate friends that when he had no money to give, that food and raiment were taken from his own family and divided with the needy.

This, we believe, is the best argument against the poisoned arrows of vile misrepresentation of interested persons, and, whereas, the above being true, therefore be it resolved, that we the undersigned board of trustees agree unanimously to commend our secretary, Rev. D. W. Calfee, for his untiring labor, his efficiency and his faithfulness in this great humane work, which he does for the love of mankind.

W. H. CONN.
ISAAC LESTER.
O. J. DAHL.

After the resolutions and communications had been read and McLaughlin had paid his tribute to the humane society secretary, loudly and longly cheered, there were calls for the minister.

Evidently much moved by the showing of support of the society he said, in part:

"When I was a small boy I took a vow to devote my life to works for the poor and I have always done so. There has never been a time when I had a dollar that those who needed it could not get it from me. If I did not have it, I gave what I had. I may not be a financier, but I have always done what I thought was right."

The cheers which greeted the conclusion of the minister's remarks was further proof that every action taken at the meeting had met with the hearty endorsement of the greater number of those present.

See America first and take no chances; see it last, also.

A man who may boast of his brains is rarely proud of his jewelry.

One young lady woke up September Morn, and didn't add much to her apparel all day.

Not much can be said for whiskers, but the six days' growth is possibly their worst offense.

Fall hats for the men look like barnyard mushrooms peeled down about two-thirds of the way.

Some of the feminine fashions also seem to hinge on the theory that publicity is important.

A Richmond woman says there will be war as long as boy babies are born, and other arrangements will have to be made.

"It is my opinion," says a broad-minded patriot, "that since a woman has to spend nearly all of her time in the house she should have considerable to say about the arrangement in the hause, and that her husband should keep his mouth shut." Such a B. M. man is almost too good to live long.

is here. A delight and an indispensable aid to those who have already used them. Just six minutes to clean, polish and dry the china, glassware and silver of a dinner for eight people.

No contact with hot water, steam or hot soapy suds. Self-cleansing, sanitary, no pump used Small in size, easily lifted and carried. Strongly built of stamped metal.

Can be purchased on easy payments. Write for our plan.

Sent prepaid, returnable at our expense within ten days, if not exactly as represented.

It has a capacity sufficient to wash at one time all the dishes of the average family, yet is so light and portable that it can be easily moved from place to place.

The movement of the handle forward and backward revolves the propeller in the bottom of the washer, which dashes the hot soapy water with a swirling effect around, through and over all the dishes, forcibly attacking them at all points, and cleansing them with absolute perfection on all sides. The dishes are completely washed in less than one minute's time and the washer works so easily that a child can operate it.

Turning down the small lever at the top of the washer, opens drain valve and discharges the water in a few seconds. The dishes are then rinsed and sterilized by pouring a dishpan of clear boiling water through the lid and turning the handle about thirty seconds. The rinsing operation automatically cleans the washer itself, which always remains in an absolutely sanitary condition.

At first we allowed as many liquor establishments as chose to pay the high license, $1,200 per year. As time went on we gradually abolished saloons in town after town, till last year liquor selling was finally abolished on all the zone. Saloons were gradually abolished in district after district, generally at the request of the engineer in charge of the working force in that district.

"The two Panama towns of Colon and Panama, at the Northern and Southern end of the canal, are not under the jurisdiction of the commission as far as regards liquor selling. There is no restriction on an employee going to these towns and getting liquor as he wishes, and bringing it out into the Zone to his own home—the only Prohibition is that it must not be sold in the Zone. But to get liquor he has to make a longer or shorter railroad trip and go to considerable effort. Our experience has shown that there are a considerable number of men who do not care enough for liquor to make the effort and therefore, do without. Of course, there are a large number who bring liquor out and drink as much as ever, but on the whole, our Prohibition of its sale has largely decreased drunkenness: it has increased the efficiency of our working force so much that generally the men in charge of the laborers in the different districts included within the prohibited area. I believe it will be best for the native on the rand to have no alcohol at all.

"That alcohol is not a necessity for the native, is evidenced by the condition of affairs at the DeBeers mine. There they have compounds that are kept rigidly closed. Neither kaffir beer nor any other alcohol is given him, yet he remains in perfectly good health and seems contented. He likes the life at Kimberly better than he does that on the Rand. This is evidenced by the fact that their force is always full, yet they do not have to recruit, whereas, on the Rand the opposite is the case."—The New Republic.

The advocates for wine and beer drinking claim that overindulgence in food is attended with as disastrous results as excess in drinking intoxicants.

The "Lincoln Visitor" replies to some query of this nature by asking the following pertinent questions:

Does soup ever make a man crazy?

Does fish ever drag a man under the table?

Does bread ever give a man the dig head next morning?

When a man eats beefsteak today does he crave the whole cow tomorrow, and, if he cannot get it, does it set him to smashing the furniture?

Does the leg of a chicken ever send a man home to abuse his wife and his babies?

Does a woman ever send a notice down to the hotel man forbidding him to sell her husband pancakes?

Do life incurance companies ever turn men away because they are addicted to strawberries and cream?

Do apple dumplings ever make a man rosy-nosed?

Does pumpkin pie ever keep a man from finding the key hole?

—White Ribbon Ensign.

The people of Oklahoma at the recent election, adopted an amendment to the constitution as follows:

"Every person elected or appointed to any office or employment of trust or profit under the laws of the state, or under any ordinance of any municipality thereof, shall give personal attention to the duties of the office to which he is elected or appointed. Drunkenness and the excessive use of intoxicating liquors while in office shall constitute sufficient cause for impeachment or removal from office."

The amendment carried in every county in the state by a large majority.

H. T. Stoll, president of the California Grape Protective Association and member of the State Viticultural Commission, is in trouble.

He has been and is in the forefront of the against a dry California. He is a good fighter all right, but he is having much to explain.

About one-half of the acreage planted to grapes in California is raisin and table grapes. Of the balance, which is planted to wine grapes, 80 per cent is owned by the corporations of the California Wine Association, commonly known as the Wine Trust. The trust fixes the prices of wine grapes and the wine grape farmers must sell at these prices or feed their grapes to the hogs, which many of them do.

In the past the wine corporations have been accustomed to employ Japs, Hindus and other Asiatic help to the exclusion of American labor. Now they are depending on the Panama Canal to get into California pauper labor from Southern Europe to work the vineyards. In Volume II of the Bulletins of the State Viticultural Commission, Mr. Stoll thus sets forth the plans of the wine trust to secure cheap labor. He said:

"One of the most serious difficulties which we must overcome if we hope to compete successfully with France, Italy, Germany, Spain and Portugal in the wine market of the world is the labor problem. This fall pickers were at a premium in the vineyards as a result of prohibition prices had to be paid to Japs, Hindus and other available help. But with the opening of the Panama Canal it is expected that the influx of immigration from Southern Europe will help adjust the vexing problem."

With this can tied to his coat tails, Mr. Stoll is having the time of his life trying to induce the laboring men to come to the rescue of the wine trust and vote wet.

—The New Republic.

William Sulzer, former governor of New York and former Democrat has accepted the nomination for governor on the Prohibition party ticket. He expects to get not only the party vote, but also the vote of many dry Progressives, Democrats and Republicans.

OPENING AND EXTENDING OF FLORIDA STREET

MRS. DOUGLASS PASSED AWAY

MARTINEZ, Sept. 16.—Mrs. Mary Ward Douglas for many years past an aged and highly esteemed resident of Martinez died suddenly at her home on Main street Monday night. Her death was sudden for she seemed to be in her usual state of health when her daughter, Mrs. Lillian Springstein, last saw her at 8 o'clock, but upon entering her mother's room three hours later, the soul of the loved one had taken flight.

Mrs. Douglas was a native of Wisconsin aged 59 years and leaves but one daughter. She was a widow of the late Hector Douglas and had lived in Martinez for over five years, making her home with her daughter.

Short funeral services will be held at the Hauser parlors whence the remains have been removed on Thursday morning after which the body will be removed to Oakland for cremation which will be private.

TO DARKEN HAIR APPLY SAGE TEA

A few applications of Sage Tea and Sulphur brings back its vigor, Color, gloss and thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant. —Advt.

BUTCHERS TO PICNIC AT GRAND CANYON

The United Butchers of Alameda county, comprising the Butchers' Union, Local No. 120, the Independent Butchers' P. & B. Association and the Butchers' Exchange have completed arrangements for a grand celebration and barbecue to be held at Grand Canyon park next Sunday.

Thousands of pounds of meat (they didn't take the trouble to get the exact weight this time), will be roasted over a pit and served with bread and rolls to make all who attend forget the war in Europe and the high cost of living.

A twelve-piece orchestra will furnish the latest dance music in the large maple floor pavilion from early morning until late in the evening.

Games and races are among the many features to make the day of merriment complete.

The officers of the committee in charge are as follows:

President Newhall, First Vice President Howard, Second Vice President Wilbur, Secretary Douglass, Treasurer Bright, Marshal Krieger.

Additional car service will be provided and a good time is assured all who visit the beautiful in East Richmond next Sunday.

REBEKAHS TO PLAY WHIST MONDAY EVE.

All arrangements have been completed by Richmond lodge of Rebekahs for the holding of a whist party in Bank hall on Monday evening.

The committee which is to have charge of the evening's affair follows:

E. E. Redmond, chairman Mrs. Clark, Mrs. Alderson, Mrs. Wright, Mrs. Connelly and Mrs. Edgar are arranging the details.

A RICHMOND CITIZEN COMES TO THE FRONT

Tells His Friends And Neighbors of His Experience.

Every Richmond resident should read what a neighbor says. His testimony can be relied upon. Here are his own words:

"Having followed railroading for a number of years, the jarring finally brought on trouble with my kidneys," says Thomas P. Powers, of 240 Third St., Richmond. "I frequently caught cold, nearly always resulting in attacks of lumbago and the most acute and piercing pains across my back. I had a constant desire to pass the kidney secretions, but they were scanty. After taking various remedies and doctoring, I finally used Doan's Kidney Pills. I was cured and have remained so for three years."

Price 50¢, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mr. Powers had. Foster-Milburn Co., Props., Buffalo, N. Y.

SUSPECTED "SPY" TELLS OF THE WAR

TRACY KITTREDGE WRITES FROM LONDON

Tracy B. Kittredge formerly of Antioch who was arrested in Germany as a suspected British spy writes an interesting letter to his mother, Mrs. Herbert Kittredge, in Berkeley, excerpts from which follow:

"I arrived safely in London last night after a peaceful crossing from Holland on a steamer crowded with American and Japanese refugees from Germany. At least 150 of our yellow brethren had seized the opportunity to make their escape from Germany before Japan delivered its ultimatum to the war lord of Europe.

"Here in London everything is exceedingly quiet. Theatres and museums are open as if there were no war. A feeling of confidence pervades the people. England is sure now that her great fear of Germany is at last to be allayed by the complete annihilation of Germany as a world power. Reports of victories of the Belgian and the French troops over the Germans, and the news of the gathering of the millions of the Czar on the eastern frontier of Prussia make everyone confident that Germany will be fearfully and completely defeated. But we shall see.

"Already the English papers are discussing what will be done to Germany after the war. The Czar has pledged himself to a restoration of Poland to virtual independence within its old boundaries. To do this, large areas of Poland now in German and Austrian hands will be annexed to Russia. Denmark is to be given back Schleswig-Holstein. Holland will be given additional territory on the North sea. Belgium will get Luxemburg and the country lying west of the Rhine.

"France will take back Alsace and Lorraine, together with additional provinces to the east that will make the Rhine the frontier. Austria-Hungary is to be dismembered. German Austria will be added to Germany or what is left of it. Hungary will become an independent kingdom.

"Such are the hopes of England! Not small, are they? Germany will be compelled to disarm and all Europe will enter a period of decreased armament and of greater prosperity. Russia will yield to western pressure and end its rule of barbarous autocracy. So, on these grounds, England and France claim to fight for civilization, for peace and for humanity!

"Americans are flocking into London—18,000 are registered so far. A whole floor in one of the hotels has been turned over to the committee which is looking out for the interests of Americans. Money is being provided all those who have none.

"The English army of 150,000 has been in Belgium a week now and Kitchener is preparing 250,000 more men to send over in the course of six months if they are needed. England is anxious to crush Germany, that is her one aim."

An interesting view of the participance of college students in the war is given by Kittredge in a letter he wrote later after he had returned to Oxford. He writes:

"It is said that one-third of Oxford's students have volunteered and I have no doubt it is true. I noticed in the Times today that 40 to 50 members of the cadet corps here had been given commissions as second lieutenants. Several of my very best friends who come from various parts of the empire and all members of a cavalry corps—King Edward's Horse—have been sent to Egypt. It is commonly expected that Turkey will join Germany, and England is preparing to protect the Suez canal and the Nile valley.

"The university buildings here have been turned into a hospital and all the colleges have emptied themselves of beds and linen for equipment. Balliol college has become the recruiting center, and in the Balliol grounds the volunteers are being trained for the war. England hopes to have a second army ready to join the first within six months. There are 150,000 men who have already gone to help France. Of the new army 100,000 volunteers are being trained here, 50,000 more are coming from Canada, Australia and New Zealand and 100,000 more regulars are being equipped. By March England can have a fresh and well-trained force of 250,000 to 300,000 ready to be fed to the cannons. Then she will begin to train a third army, and so on until she wins—or is exhausted."

CRITCHETT ENTERS REALTY BUSINESS

Frank Critchett, the well known pioneer of this city, who for the past few years has been residing with his family in Oakland, has embarked in business in San Francisco for the purpose of dealing in Richmond property.

Mr. Critchett has formed an offensive and defensive alliance with J. B. McKenzie and Charley Hogg, with offices in the Phelan building on Market street and it is expected that the combination of gentlemen will be able to do a big business in the matter of disposing of realty throughout the entire state. The best wishes of a host of friends of the trio will accompany them in their new field of endeavor.

PETERSON CASE IS BEFORE COURT

JURY IMPANELLED TO DECIDE QUESTION OF FACT RAISED BY LITIGANTS TO THE ISSUE.

MARTINEZ, Sept. 16.—The ten thousand dollar damage suit of John Peterson and Dorothea Peterson, his wife, against A. D. Simpson of Oakley, is on trial before Superior Judge J. E. Barber of Shasta county, sitting in extra session of the court and a jury.

The complaint alleges that in November, 1912, the plaintiff wife fell into an open pit maintained on the lands of the defendant near Oakley and sustained injuries to back and spine which crippled her. She was for five weeks under medical treatment, after the accident. Mr. Jones represents the plaintiff, while the attorney for the defendant is W. S. Tinning.

The jury selected to try the case is as follows:

H. E. Wyatt, Jacob Spaits, Robert G. Houston, John Atchinson, W. Short, M. C. Preston, L. D. Keene, Edward Frey, M. N. Breckenridge, C. A. Johnson, Elmer H. Baldwin and M. Solmi.

COUNCIL TAKES STEP TO START CITY PLANNING COMMISSION

ing work all over the United States. The application was withdrawn.

Richmond Avenue.

The street committee reported in regard to the improvements on Richmond avenue that with the approaching winter months that the work would probably have to go over until the spring. The report of the committee was accepted.

Pool Rooms.

The second reading of the pool room and gambling ordinance was read last evening by City Clerk Faris which makes it a misdemeanor for any pool hall proprietor to allow boys under the age of eighteen years to enter their establishments.

The ordinance also specifies that it is a misdemeanor for any person conducting a gambling establishment to violate Section 330 of the Penal Code. Several amendments are to be made to the ordinance by City Attorney Hall before it is finally ratified and adopted by the city council of this city as a law.

City Planning Commission.

The matter of establishing a city planning commission was taken up by the members of the council last evening. The ordinance as it will probably be drawn up by this city calls for a commission composed of seven members to which are added two ex-officio members, the city attorney and city engineer.

The matter was laid over until next Monday night at which time it will be delved further into by the council and preparations made to get the organization under way.

NO PROSECUTION LIKELY IN CRIMINAL CASE

It is likely that no action will be taken against the Oakland woman who is accused of having performed a criminal operation which caused the death of Mrs. Rose Glik, the wife of a Pullman employee. According to the authorities, while there is no question as to the cause of the death, there is a lack of evidence to show that Mrs. Glik really was attended by the midwife under suspicion.

CURTIN SCHEDULED FOR LONG CAMPAIGN

(Special Dispatch to the Record-Herald).

SAN FRANCISCO, Sept. 16—John B. Curtin, who won the Democratic nomination for Governor after one of the most spirited contests in the history of the party in California, soon will be in the midst of the most energetic campaign ever conducted in this state.

Following his big opening meeting in the Macdonough theater in Oakland Thursday night, September 17, the senator from Tuolumne will start on his tour of the state—a tour which will keep him constantly before the voters until the eve of the election on November 3.

From Oakland, Senator Curtin will go to San Mateo on Friday, September 18, to Salinas Friday night, then to Watsonville on Saturday, September 19, returning to San Jose Saturday night. At all of these places he will deliver addresses, outlining the issues of the campaign from the Democratic standpoint.

Curtin then will swing into the Southland, speaking at Los Angeles on Monday, September 21. He will devote a week to the trans-Tehachapi, coming back to San Francisco for a great rally of the Democrats at Dreamland rink.

Although Curtin's victory over Fred H. Hall for the gubernatorial nomination was decided only a few days before the state convention last Tuesday, September 15, already he has received the pledges of a united Democracy behind him. Hall, Sidney M. Van Wyck and Edward White, his opponents for the nomination, have lined up enthusiastically for his success.

NOTED WOMAN WILL SPEAK TOMORROW

One of the principal speakers who will be present at the Wesley Methodist church tomorrow evening to speak on the subject of "California Becoming a Dry State," will be Mrs. Anna Marden Deyo.

Mrs. Deyo is considered one of the greatest exponents of the dry campaign now being waged in this state and will make a short stopover in this city following a tour of the entire northern and southern parts of California.

The committee which is arranging for the meeting is composed of Mrs. Rhoades and Mrs. Wilson.

TUNNEL EMPLOYE RECEIVES INJURY

Nicholas Dimesto, employed at the Municipal tunnel, fell at 2:00 o'clock this morning from one of the platforms on the upper drift and sustained a badly wrenched leg.

His injuries were given medical attention at the Abbott hospital.

BRITISHERS TO MAKE MERRY AT PARTY TONIGHT

A big free whist party to all Britishers is the feature affair which is planned by Richmond Sons of St. George Lodge, to take place this evening in Barnaman's hall at the corner of Nineteenth street and Macdonald avenue.

In return for what the Richmond press has done toward boosting the party the members of the order have provided a special prize for the "newsgrabbers."

The prizes to be awarded for the evening's party follow: Gentlemen's first, second and third prizes consist of merchandise order of $5.00, $2.50 and $1.50 upon the clothing firm of Jones & Adkison, while the ladies' prizes are first, one-half ton of coal; second, 100-pound sack of flour, and third, a leg of pork.

Refreshments and dancing will conclude the evening. The committee in charge of the evening is as follows: Dr. U. S. Abbott, Frank Roberts and Dr. C. R. Blake.

Every morning when he is getting up, a man thinks to himself: "I'll go to bed earlier tonight."
